Extended Camping Option

Harrison County Conservation Board will extend the length of allowable consecutive camping days at the Willow Lake Recreation Area and Schaben Park campgrounds. This applies only to persons directly impacted by the flooding. Typically the Conservation Department allows a maximum stay of two weeks in any particular campsite.

Flood evacuees should self-register at a campsite as usual and notify park staff of their intentions. Campsite rates will be at a reduced amount; electricity and water are available at each site, but there are no dump stations on site. No reservations are taken for camping and sites are available on a first-come, first served basis. For more information, call HCCB at 712-647-2785 to speak with Director Scott Nelson.
